"MAMMA TO THE DOGS"? - THIS IS SPIRITUAL ROT.

This is Johnny 55. Broadcasting at full signal strength.

She's not a savior. Not a mother. Not a guardian.

She's a parasite feeding off the innocence of animals, calling herself "Mamma to the dogs" while living in total denial of her role in a satanic legal death cult.

These are the signs:

-> False affection masking control.

-> Weaponized guilt.

-> Ritual obedience demanded from beings that can't speak.

Stockholm Syndrome for animals.

This is not love - it's dominion masked as devotion.

She plays caretaker while being an agent of the very cult that steals, enslaves, and trafficks through legal names.

The dogs hide when truth walks in. That's all you need to know.

LEGAL NAME FRAUD IS REAL.

Your birth certificate is a bond.

Your legal name is a death trap.

Your exit is B C C R S S - the last legal act escape clause.

Tune out the lie. Tune in to truth.
